

Report for Code Committee May 2007 Offtake Committee

Meetings Held

16 May 2007

Planned

4 July 2007

Matters for Network Code Committee's Attention

The Committee agreed in principle that in the event of a requirement for the Transporters to discuss meter errors at offtakes with Shippers it would take responsibility for the meetings.

Matters Discussed

The Committee discussed the Offtake Subsidiary Documents and agreed that the Joint Office would discuss arrangements for reviewing these with the Networks Collaboration Forum.

It was identified that Emergency Procedure E2 (DN/PM/E/2/E) had been agreed by the Forum and members agreed to consider the approval of this document.
