

## LDZ Energy / Demand values split by NDM, DMV and DMM

Information requested (verbally) at November 2010 Modification Panel to be recorded as a Distribution Workstream action

Energy Figures in TWHs				
LDZ	NDM	DMV	DMM	LDZ Demand
National	511.55	24.59	93.62	629.76

Proportions		
DMV to NDM	DMM to NDM	DMV Percentage of Demand
4.81%	18.30%	3.91%

### Assumptions

Proportions based on the 12month period 1st December 2009 to 30th November 2010

12months were used to take a balanced view and take out impact of comparison against weather sensitive loads
