

MOD 292 – 293

Action: Dis0601a

- Predicted AQ Amendment volumes from Shippers = 11.4 Million
- These Shippers represent 81% of the SSP Market
- Therefore, extrapolating the data:

$$81\% = 11.4 \text{ Million}$$

$$100\% = 14.1 \text{ Million } (11.4\text{M} \div 81\% = 0.1407) (0.1407 \times 100\% = 14.1\text{M})$$

- **Conclusion: Potential volumes of AQ Amendments could increase to 14.1 million.**
