1. Introduction

BF welcomed all to the meeting.

2. Outline of Modification

It was agreed that this should be revisited when the Proposer is able to attend.

3. Consider Terms of Reference

No further comments were received on the Terms of Reference.

4. Discussion

It was agreed that a substantive discussion should be held at the next meeting. Following some debate and clarification, it was agreed that it would be helpful at that meeting to receive explanations as to:

1. Why the present terms in the UNC are not valid, and hence change is proposed (e.g. expanding the criteria beyond local emergencies);
2. The Transporters initial view of the consequences of implementation, including whether any costs would be passed-through (or any other impact on revenue flows);

3. The current compensation arrangements, including how costs are passed-through (and other impacts on revenue flows).

5. AOB

None raised.

6. Diary Planning for Review Group

Next meeting:

28 April 2011, at 31 Homer Road, Solihull, B91 3LT, during the Distribution Workgroup
