The Workgroup Report is due to be presented at the UNC Modification Panel by 18 June 2015.

1.0 Review of Minutes and Actions

1.1. Minutes

The minutes of the previous meeting were approved.

1.2. Actions

Action 0520 0303: To invite one of his Settlement colleagues to the next Workgroup meeting to provide a view as to why these reports are required.

Update: In the absence of the proposer, the Workgroup agreed to defer this action to the next meeting. **Carried Forward**

2.0 Development of Workgroup Report

2.1. Amended Modification

RP advised that he had spoken to the Proposer, A Margan and voiced his concerns that whilst it is feasible to provide the legal text, he remains of the view that it is questionable whether or not the modification would / could be implemented without suitable guidelines. CB also advised that she had also provided feedback to the Proposer, and at this point would struggle to support a request for legal text.

AM then advised that he is very doubtful that Xoserve would be able to develop a solution based on the modification as it currently stands.

BF suggested that a formal Panel request for legal text would be held back until after the next Workgroup meeting, scheduled to take place on Monday 18 May

2015. The alternative would be to seek an extension to the Workgroup reporting date in due course.

Thereafter, further consideration was deferred.

2.2. Consideration of Business Rules

Consideration deferred.

2.3. Performance Assurance Reporting Template Guidance Document

Consideration deferred.
