Dear Industry Participant,

Constrained LNG Credits from 1 May 2015

In accordance with our Licence and Uniform Network Code obligations, National Grid is hereby giving two months' notice of the transportation credits applicable in respect of constrained LNG sites that will be effective from 1 May 2015.

National Grid does not require constrained LNG at Avonmouth for the gas storage year 2015/16 and hence the credit rate will remain the same as in 2014/15, as detailed in the table below:

	Credit Rate based on Capacity	Credit Rate based on Annual Shipper Storage Space Volume
	Pence per peak day kWh per day	p/kWh
Avonmouth	0.0000	0.0000

If you have any questions about this notice, or NTS charges in general please contact myself or Karin Elmhirst on 01926 655540.

Yours sincerely,
