Dear John

**Response to UNC Modification Proposals 0258 & 0258A  
Facilitating the Use of Remote Meter Reading Equipment and  
the Procurement of Data from a Third Party for the Purposes of  
Demand Estimation Forecasting Techniques**

E.ON UK supports UNC 0258 & 0258A. Of the two 0258A is preferred as it incorporates the content of 0258 but in addition allows transporters to procure data from a third party. We believe that this will lead to reduced costs and improved flexibility.

Yours sincerely
