

# DM Capacity Referrals

Chris Warner – Contracts Development Manager

# Current UNC Requirements

## UNC Section G5.1.4

**Capacity Revision Application – To revise (by increasing or decreasing) Registered DM Supply Point Capacity.**

**Such an application shall specify:**

- **Supply Point Registration Number (confirmation number).**
- **MPR of one of the DM Meter Points in the Supply Point.**
- **the revised Supply Point Capacity (SOQ) and revised Supply Point Offtake Rate (SHQ).**
- **the date from which the revision is to take effect.**

# Issue

**NGT view is that the current minimum information requirements for a Capacity Revision Application are not sufficient to enable a Transporter to assess whether the Capacity Revision is acceptable.**

**NGT proposes to amend UNC to reflect**

- the minimum information required by a Transporter to assess whether the Capacity Revision is acceptable,**
- the right of the Transporter to reject applications where the minimum information is not provided, and**
- the right of the Transporter to reasonably request any further details to address the application**

# Proposed Minimum Information Requirements

## CURRENT

- **Supply Point Registration Number (confirmation number).**
- **MPR of one of the DM Meter Points in the Supply Point. [remove]**
- **the revised Supply Point Capacity (SOQ) and revised Supply Point Offtake Rate (SHQ).**
- **the date from which the revision is to take effect.**

## PROPOSED ADDITIONAL ITEMS

- **Peak Instantaneous demand**
- **Annual Quantity**
- **Supply Type (Firm/Interruptible/Interruptible Firm Agreement)**
- **Intention or otherwise to install a compressor or booster**
- **M number for increased load**
- **Supply Point Address**
- **Shipper contact details (name, telephone, e-mail)**
- **Bottom Stop SOQ**

# **Proposed Information which may be 'Reasonably Requested'.**

## **PROPOSED**

- **Number of connections**
- **Type of non-domestic premises in a development site**
- **Type of domestic premises in a development site**
- **Type of non-domestic demand pattern in a development site**
- **Phasing of development**
- **Elevated pressure**
- **Non-Standard Pressure**
- **Pipe Size**
- **Pressure drop**

# **Proposed Method for Provision of Additional Information**

- **No changes proposed to UK Link file formats.**
- **Additional Minimum Information and any other data reasonably requested by the Transporter to be provided by fax or email to the relevant Network.**
