Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

ESPUG supports this modification. Diverting resource from Project Nexus at this stage, to alleviate the possible risk of incorrectly stated AQs impacting parties *should* PNID be delayed beyond 1st June, does not appear to be proportionate to the impact of implementing this change.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

This modification would be subject to Authority approval; as such implementation would vary and depend on this response. This modification should be implemented before PNID.
