**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We support this modification proposal as it will enable the UK Link Manual to be updated correctly for the Project Nexus changes.

**Self-Governance Statement:** *Please provide your views on the self-governance statement.*

We agree.

**Implementation:** *What lead-time do you wish to see prior to implementation and why?*

We agree with the proposal in the Modification Proposal.

**Impacts and Costs:** *What analysis, development and ongoing costs would you face?*

None for WWU

**Legal Text:** *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*

**Please provide below any additional analysis or information to support your representation**

Although ideally an updated UK Link Manual should be ready for PNID, it is better to have a short delay rather than implement one which subsequently needs significant revision.
