

Proposed Revision to the Distribution System Management Principles Statement

Consultation by Scotia Gas Networks

April 2007

Summary

Under the Gas Transporter Licence Standard Special Condition D5 paragraph 7 (a) SGN is required to consult and seek views on any proposal to make changes to the System Management Principles Statement (SMPS). In accordance with that condition SGN is advising that it does not plan to make any material amendments to the System Management Principles Statement (SMPS) at this time. Minor changes have been made to references to flexibility and flat capacity to tie in with defined terms used in the UNC and the document version and date has been changed accordingly.

Consultation Process and Timescales

The consultation period for this document will be 28 days. Further to this consultation SGN will produce a report and submit this together with the revised SMPS to the Authority in accordance with its GT Licence Special Condition D5 paragraph 7.

The timescales are as follows:

- SGN issue consultation 20th March 2007
- Closing date for responses 17th April 2007

Views Sought

SGN welcomes your views on the proposed changes. Views should be submitted to SGN by 17:00 on Tuesday 17th April. Responses should be sent electronically to beverley.grubb@scotiagasnetworks.co.uk or by post to:
