**Invitation and Agenda
(R.S.V.P – contact below)**

The Shrinkage Forum will start immediately following the Distribution Workstream. The final item on the Distribution Workstream Agenda reflects a topic raised by RWE Npower to consider whether significant escapes of gas from the System as a result of an incident should be paid for via RbD or Shrinkage. This is scheduled to commence at 13:00. It is anticipated that attendees of both the Shrinkage Forum and Distribution Workstream will be interested in this topic.
