0535 - Implementation of Non Effective Days to enable Annual AQ Review (independent of Nexus transition)

Date referred from Panel: 19 March 2015

Background – Why Change?

Please refer to www.gasgovernance.co.uk/0535

Solution

This Modification seeks to introduce Non-Effective Days in order to ensure there is sufficient time for all AQ data to be processed and consistently populated across UK Link Systems and to Users to support the Annual AQ process, following the implementation of the 'Faster Switching' Modification. It is proposed that two Non-Effective Days are introduced for the 29th and 30th September 2015.

Topics for Discussion

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Outputs

Produce a Workgroup Report for submission to the Modification Panel, containing the assessment and recommendations of the Workgroup.

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two User representatives are present.
