Topics Activity

Topic(s) Discussed:

008TR Entry Capacity

Ofgem intended to finalise the baselines by 01 April 2008. After the information from Ofgem's second consultation was published in November/December 2007 there would be a better understanding of where the baselines were pitched. Ofgem is also considering arranging a workshop in January 2008. National Grid NTS will issue a document in the near future explaining the detail behind the Methodology Statement.

018TR Information Transparency

Final meeting held of Review Group 0140 held on 08 October 2007; draft report produced awaiting members' final sign off. The Transmission Workstream is being requested to monitor the outstanding actions.
