

# **Consideration of Proposed AUGS for 2014/15 – Application of AUG Guidelines**

UNCC 21 August 2014

- Proposed (i.e. 2<sup>nd</sup> Draft) AUGS published 31 July
- Guidelines require responses by 5 Business Days prior next UNCC meeting
- Response provided by ICoSS on 13 August, report written by Phidex – not yet analysed in detail by DNV GL
- Observations on Phidex comments:
  - Data reviewed is 2013 data extract – used to prepare 2014/15 Table
  - Calculated DNV energies are read-to-read, prior to adjusting to fit to a financial year
  - 2014 data will be published in Autumn 2014

## 7. Creation of AUGS Document

7.1.8 Once the proposed AUGS documents have been published, the Gas Transporters will organise a meeting with The Committee and the AUGE for approval of the final document, on or around the 1st September. The Committee shall approve the proposed AUGS, in the form presented by the AUGE, unless they unanimously agree changes to any part of the document. Any changes directed by The Committee in this fashion will be implemented by the AUGE immediately.

## Possible next steps

- If 6.3.2 applies either:
  - Approve the submission in full; or
  - Approve the submission subject to the completion of non-material revisions; or
  - Reject the submission in full
- If 7.1.8 applies
  - Approve the proposed AUGS, in the form presented by the AUGE; or
  - Unanimously agree changes to any part of the document
- Deferral of the decision does not appear to be an option
- Once approved, the AUGE will derive the Draft Table, based on the methodology within the Statement
