Notice of Transportation Charges effective 1st April 2010

Please find attached the Notice of Transportation Charges to apply from 1st April 2010 for Wales & West Utilities. We have issued the Notice in order to comply with Network Code which requires us to give two months notice of any changes to transportation charges. Please can you distribute this note and the Notice to all shippers.

We will be increasing our transportation charges by 3.8% from 1st April 2010. This increase compares to an increase of 3.7% reported in our Indicative Charges statement issued on 1st November 09.

The principal reason for the movement from a 3.7% to a 3.8% increase is that we are estimating slightly less Collected Income than we originally forecast following the AQ Review in October 2009. Incentives and cost pass through adjustments are in line with what we forecast when determining the indicative price increase.
