

Incentivisation approach for the PAF

5 February 2018

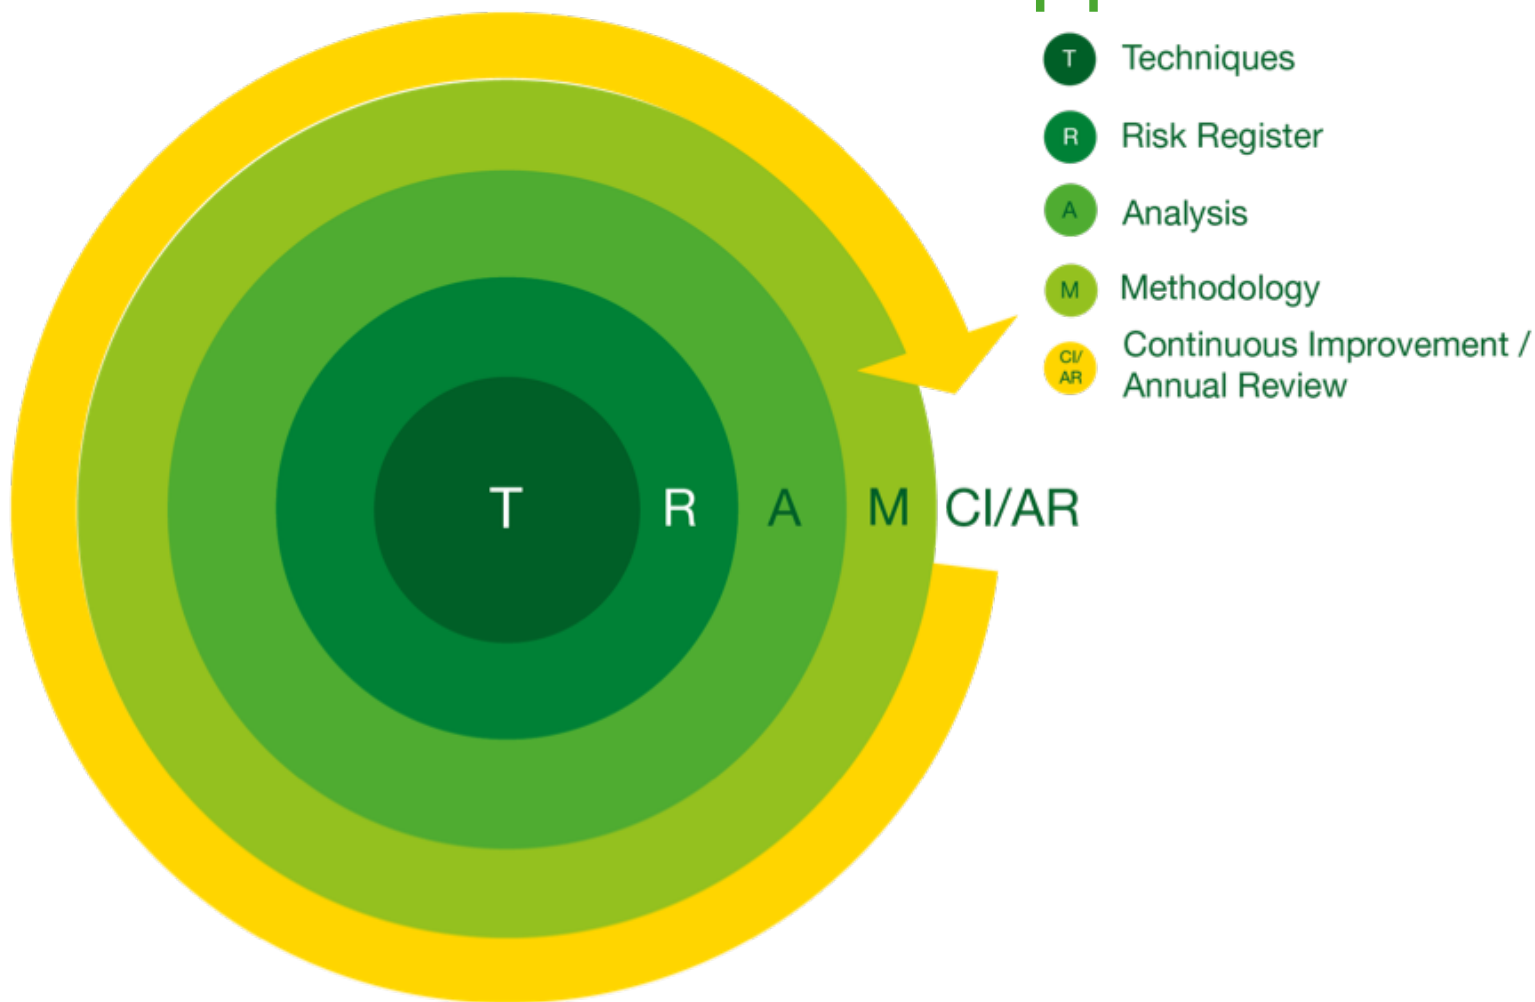

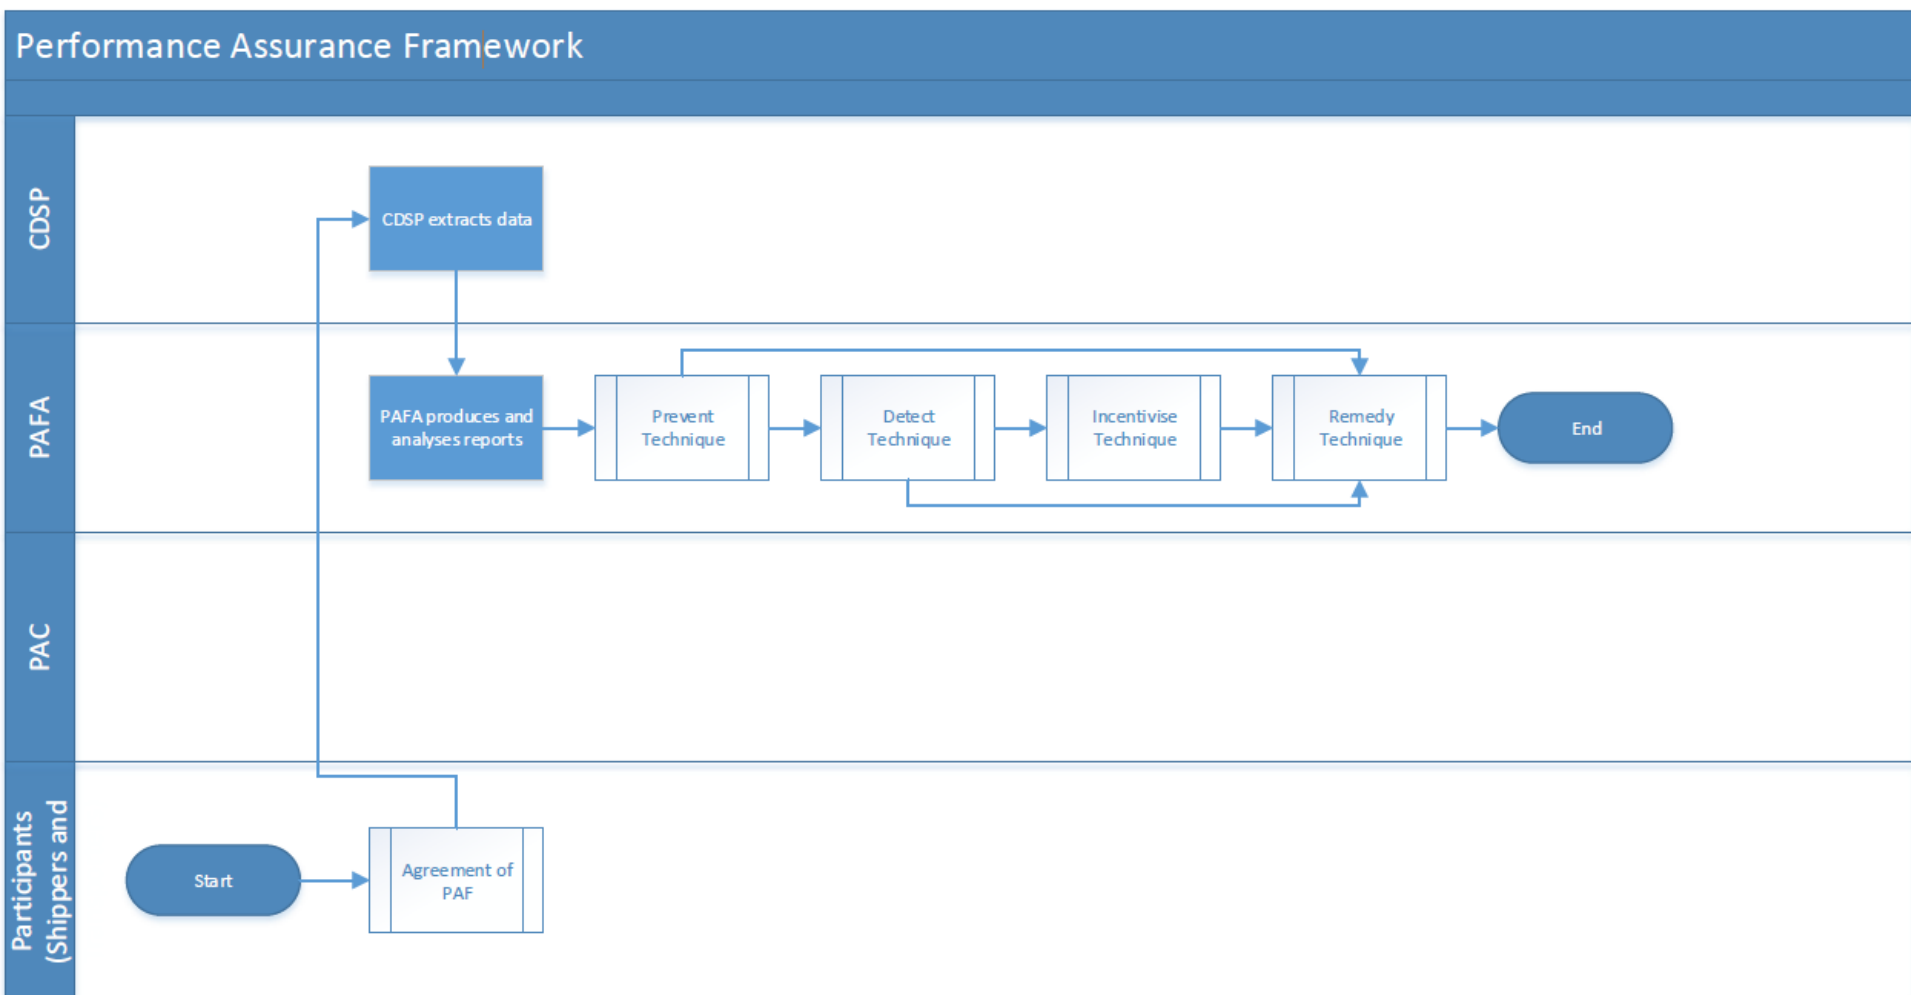

Overview

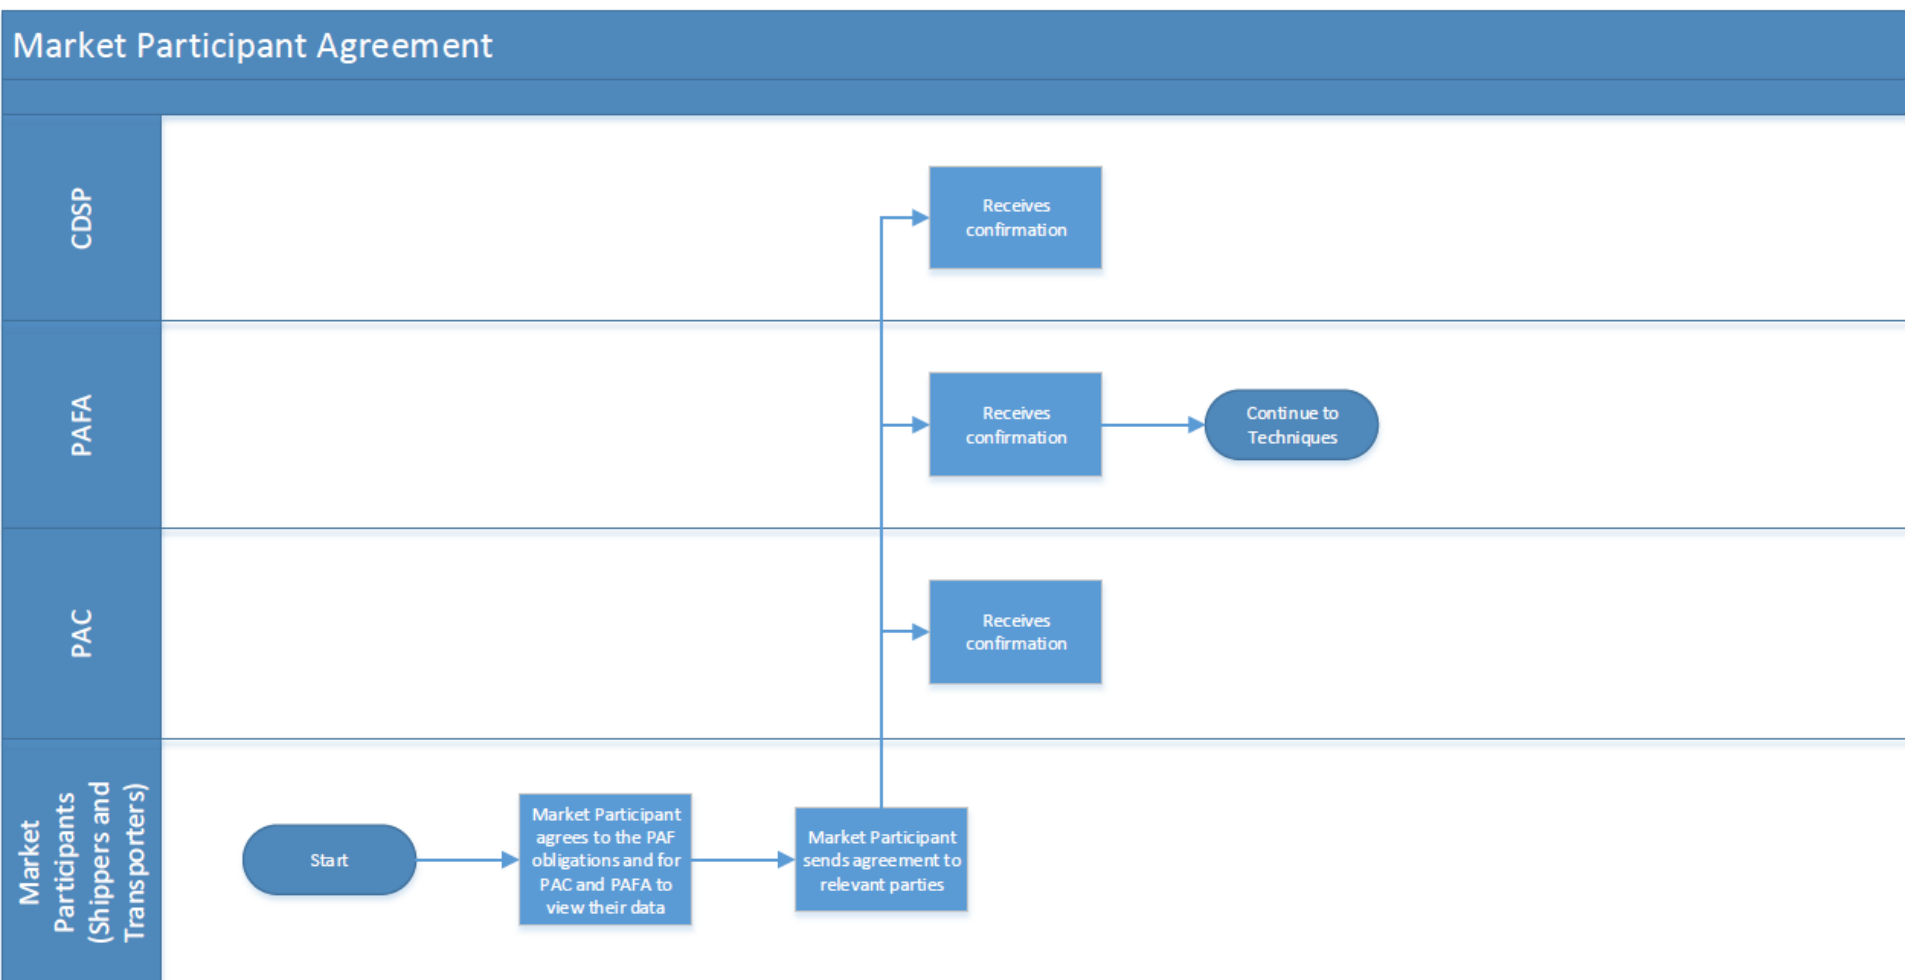

- Discussion at PAC meeting on 5 January 2018 on incentivisation
- PAFA took an action to provide details on an incentive approach that can be utilised by the PAC to incentivise good performance
- Incentive approach is based on overarching Performance Assurance Approach presented at July 2017 PAC meeting and builds on the Performance Assurance Framework already established
- Approach presented is intended for discussion and further refinement

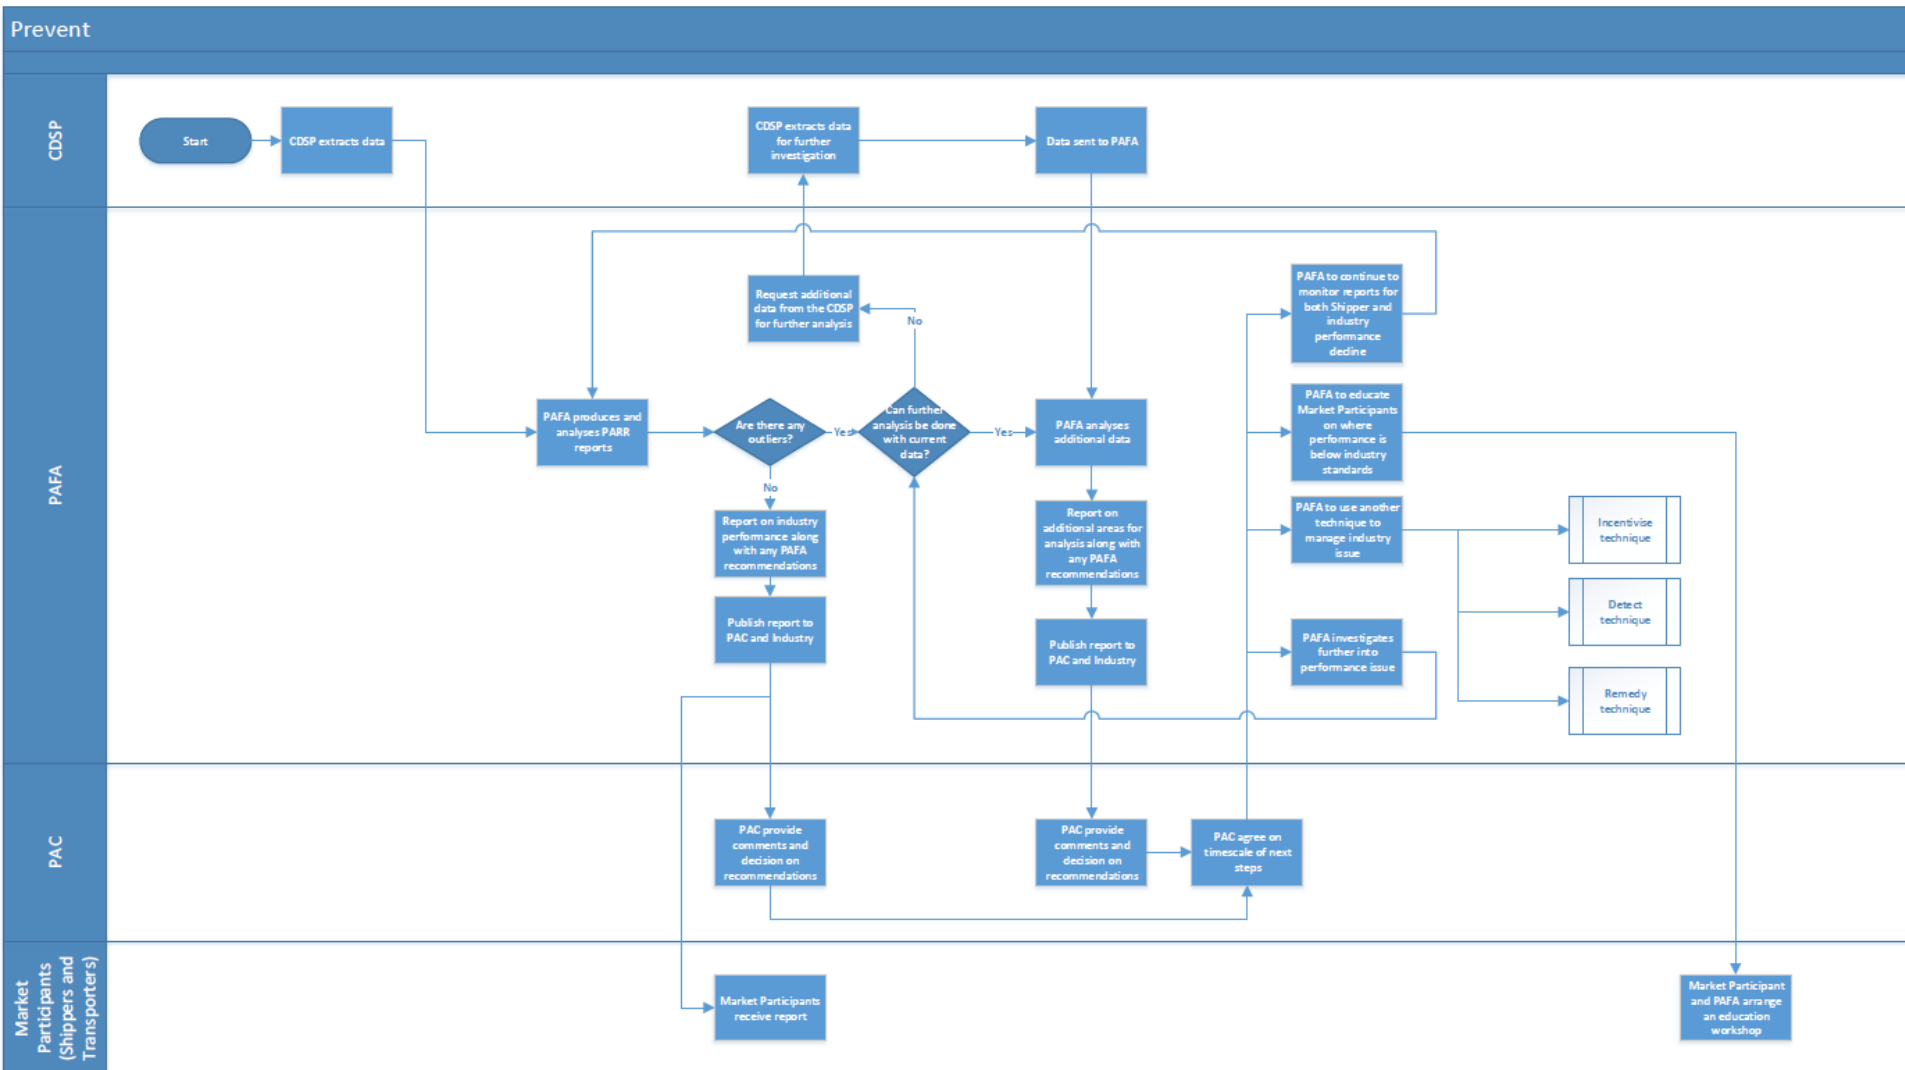

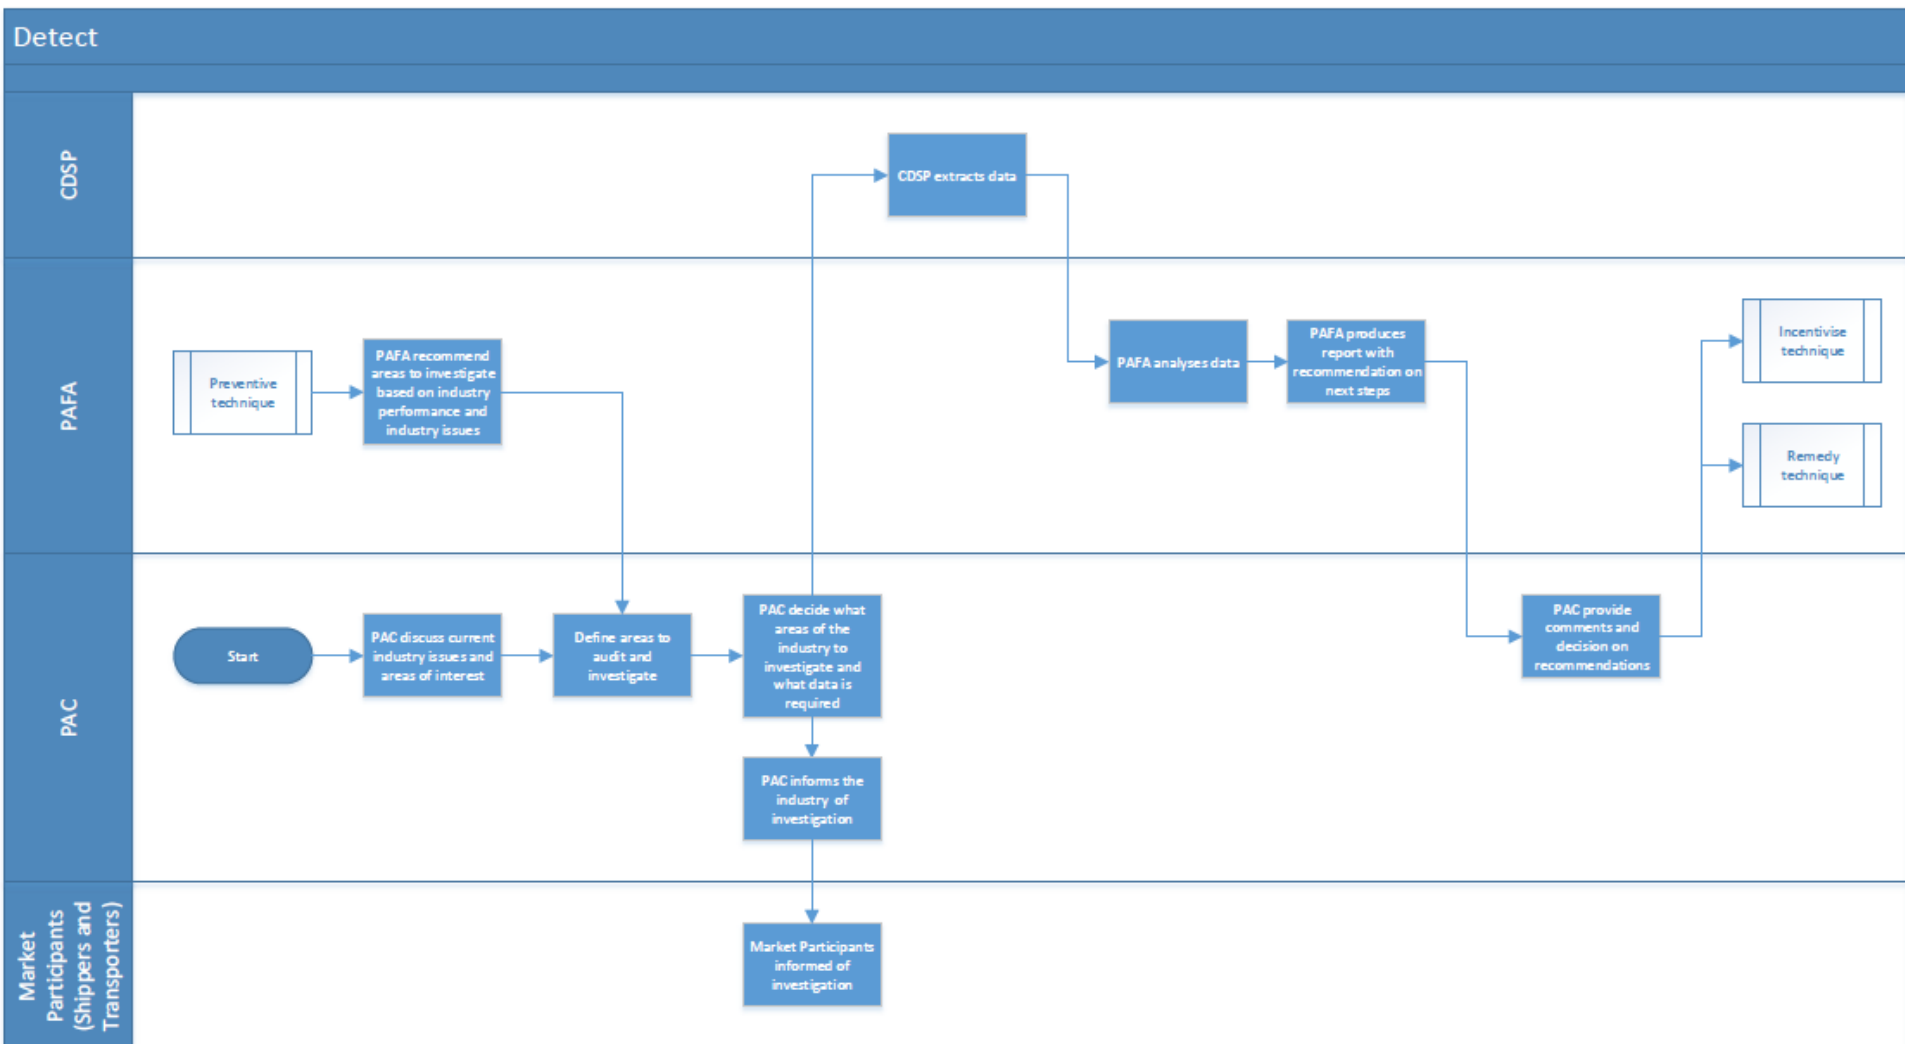

Performance Assurance Approach
