**Commented [RH1]:** This will essentially include all sections normally found in a workgroup report

**Commented [RH2]:** Tells us what the workgroup needed to cover:

- Understanding the objective
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Remaining questions:

- How to add in extra sections to satisfy Final Modification report needs (including inclusion of all consultation responses in full and (option 1) summary of their responses.
