Quarterly System Entry Capacity (QSEC) March 2021 Allocations

Dear Colleague,

The allocation of capacity following the March 2021 QSEC auction has now taken place. No bids were received in this auction and therefore there was no capacity allocated.

Any allocations would have been in accordance with National Grid plc's Entry Capacity Release (ECR) statement <https://www.nationalgridgas.com/capacity/capacity-methodology-statements> and viewable via the Gemini screen: **Home > Deal > Bid Capture Reports > Bid Information**.

The following information will be published by National Grid plc within Gemini and can be found via: **Home > Product > Publish Reports > MoS Results**. National Grid will also publish this aggregate information on the web site <http://mip-prod-web.azurewebsites.net/EntryCapacityAuctions/Index> no later than 24th April 2021.

For each Aggregated System Entry Point (ASEP) and each relevant period;

- Volume of Baseline, Obligated Incremental and Non-Obligated Incremental capacity allocated
- Revenue from sales of Baseline, Obligated Incremental and Non-Obligated Incremental capacity
- Amount of unallocated Baseline Capacity
- Clearing Price (this will be the same as the highest, lowest and weighted average prices)
- The number of Users who submitted successful capacity bids
- The number of Users who submitted unsuccessful capacity bids
- Where there is an allocation of QSEC in a period - number of Users who submitted bids at each price level

If you have any queries regarding this auction process, please contact the Capacity Auctions Team on +44 (0)1926 65 4057. Alternatively, you can e-mail us regarding any capacity issues, at: capacityauctions@nationalgrid.com

Yours faithfully,
