

UNC Workgroup Individual Terms of Reference

0794S - Obligation for DNOs to Continue Provision of Gas Composition Information to National Grid NTS

Introduction

This is an Individual Terms of Reference that includes matters referred from Panel or identified within any initial representations. It replaces the standard Terms of Reference.

Purpose of the Modification and its Solution

Please refer to www.gasgovernance.co.uk/0794

It is proposed that a new obligation is included in the OAD for Distribution Network Operators (DNOs) to formalise the existing provision of daily information to National Grid regarding gas quality at specified points on their respective networks. This obligation is required to be in place in time for commencement of the enduring service.

Topics for Discussion

- Understanding the objective
- Consider Self Governance status
- Consider File Flow impacts
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Identification of potential impacts on other energy codes
- Consideration of potential performance assurance impacts
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Output

To produce a Workgroup Report, for submission to the UNC Modification Panel, containing the assessment and recommendation(s) of the Workgroup.

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two Shipper User representatives are present.

Meeting Arrangements

Meetings will be administered by the Joint Office of Gas Transporters and conducted in accordance with the Code Administration Code of Practice (www.gasgovernance.co.uk/cacop)
