Delete the full stop at the end of section 1.5.2(l) and replace it with a semi-colon, and insert the following new section 1.5.2(m):

"(m) "Corrective Opening Meter Reading" is an estimated Meter Reading (with the Supply Point Registration Date as the Read Date) agreed between the Proposing User and the Withdrawing User to be used as an Opening Meter Reading."

"(f) the Meter Read is a Corrective Opening Meter Reading submitted by a User pursuant to paragraph 5.13.17 which is not rejected pursuant to paragraph 5.13.19."

## [Drafting Note: Implements Business Rule 2.]

Delete section 5.2.2 and replace it with the following new section 5.2.2:

"5.2.2 For the avoidance of doubt, except in the case of a Proposing User Estimate or a Corrective Opening Meter Reading, and without prejudice to paragraph 2.4.4(b), a User may not submit an estimate (of the reading of an index, or otherwise) as a Meter Reading."

C:\Users\pbrennan\Documents\WWU Temp\Mod 811\811 Legal Drafting v2.0.docx **Commented [SPB1]:** (c) refers to the Transporter determining and invoicing adjustments to reconciliation values. Do you want to refer to the CDSP in that provision as well? Presumably CDSP does the determining though any invoices issued are issued on behalf of – effectively by - the Transporter, not by the CDSP on its own behalf.
