Tuesday 4<sup>th</sup> April 2023

Dear Colleague,

**Rolling Monthly Transfer & Trade System Entry Capacity**  
**Invitation to participate in the RMTNTSEC auction for capacity period May 2023**

Pursuant to TPD Section B2.3.10 of the Uniform Network Code, National Gas Transmission invites you to take part in the Rolling Monthly Transfer & Trade System Entry Capacity (RMTNTSEC) auction for the capacity period May 2023.

National Gas Transmission will conduct the auction on:

**Thursday 13<sup>th</sup> April 2023**

The auction window will commence at 08:00 and close at 17:00 on the same calendar day. An RMTNTSEC bid may be withdrawn or amended until, but not after 17:00.

The auction on this date will be held to allocate capacity for the following Capacity period:

**May 2023**

The amount of capacity to be offered for each Aggregate System Entry Point (ASEP) will be 100% of the unsold NTS Obligated Firm Entry Capacity<sup>1</sup> plus any Firm Entry Capacity surrendered in the Surrender (Trade Initiation) (RMTISSEC) process. This total capacity is termed the Available Capacity. The ASEPs where Available Capacity is to be offered, together with the unsold NTS Obligated Firm Entry Capacity for those ASEPs, are shown in the attached Tables 2 and 3. The Initial Stage and Trade and Transfer stage of the auction are both pay as bid and the reserve prices that apply are specified in Table 4. Any unsatisfied bids after allocation of the Initial Stage (i.e. where bid quantity exceeds Available Capacity) will be analysed as part of the Transfer and Trade stage and allocations will be carried out subject to the relevant provisions of TPD Section B2.3 and the Entry Capacity Trade and Transfer Methodology Statement.

User allocations for the whole process (for the avoidance of doubt this includes the Initial Stage and the Transfer and Trade Stage) will be communicated no later than the tenth (10) business day in April 2023.

<sup>1</sup> Please note that the amount of NTS Obligated Firm Entry Capacity at Milford Haven may be adjusted to 748,000,000 GWh for May 2023, pending Ofgem's decision regarding the ECR (Entry Capacity Release) Methodology Statement Consultation. Further information relating to this can be found [here](#).

Following RMTNTSEC capacity allocation National Gas NTS will publish the aggregate information for each ASEP on the Entry Capacity Auction Publications area of the National Gas Transmission website. This can be accessed using the following link:

<https://mip-prd-web.azurewebsites.net/EntryCapacityAuctions/Index> (select Rolling Monthly System Entry Capacity as Auction Type and Allocation Results as Report Type).

The RMTNTSEC auction will be conducted in Gemini and any bids for NTS Firm Entry Capacity should be made using the **Deal>Capture>Create Bids** screen using **RMTNTSEC** as the Method of Sale. Please be aware that if you wish to check your allocations from the February 2023 AMSEC auction prior to bidding in the RMTNTSEC auction you should navigate to the following screen **Deal > Bid Capture Reports > Bid Information** screen in Gemini.

Please note that this message is being sent by e-mail via the Energy Networks Association and web-fax (business hours operational list). An Automated Notification Service message will also be issued informing users that the invitation has been published.

If you have any queries regarding this auction process, please contact a member of the Capacity Auctions Team on +44 (0)1926 654 057 or by e-mail at: [capacityauctions@nationalgrid.com](mailto:capacityauctions@nationalgrid.com).

Yours sincerely,

**Capacity Auction Team**
