### Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

This modification will benefit end consumers by expanding the range of eligible causes for an AQ Correction and enabling more accurate tracking of the reasons for AQ Corrections. It will also provide a clearer path for action when customers request AQ Corrections the reasons for which fall outside the current eligible causes.

### Self-Governance Statement: Please provide your views on the self-governance statement.

We agree that self-governance can be applied to this modification.

### Implementation: What lead-time do you wish to see prior to implementation and why?

We are supportive of the proposed implementation date of February 2024.

### Impacts and Costs: What analysis, development and ongoing costs would you face?

We do not see any significant development costs with this modification.

### Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

Yes.

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

**Please provide below any additional analysis or information to support your representation**
