

UNC MODIFICATION 0846

'USE OF ENTRY CAPACITY HOLDINGS AT EASINGTON AND THE ROUGH STORAGE ASEP IN WINTER 2023/2024'

LEGAL TEXT COMMENTARY

PARAGRAPH	EXPLANATION
30.1	This introduces the mechanism under which a User can on a monthly basis redesignate any of its NTS Entry Capacity at the Easington ASEP so that it instead becomes available at the Rough Storage ASEP between October 2023 and March 2024
30.2	Definitions
30.3	NGT shall invite Users to request capacity redesignation at the same time as it issues rolling monthly surrender invitations
30.4	The interim period starts on the first rolling monthly surrender date notified by NGT (which notification cannot be prior to the implementation of the modification) and will only be applicable to a rolling monthly surrender date relating to the period between October 2023 and March 2024
30.5	A User responds to rolling monthly surrender invitations on rolling monthly surrender dates i.e. the process is aligned with capacity surrenders
30.6	The time limits for submission and withdrawal of requests
30.7	The Capacity Redesignation Request shall specify the amount of NTS Entry Capacity to be redesignated
30.8	NGT will redesignate a User's capacity only if the request is compliant; in particular the Existing Registered Holding and Existing Available Holding to be redesignated shall not exceed the Existing Registered Holding and Existing Available Holding held and the amount of Available NTS Entry Capacity shall not become negative
30.9	NTS Entry Capacity Charges and NTS Entry Transmission Services Revenue Recovery Charges are payable on any Redesignated Capacity at the Rough Storage ASEP as if that capacity was held there at the Tariff Regulation Effective Date

30.10

Redesignated capacity is taken into account when determining a User's Fully Adjusted Firm Available NTS Entry Capacity
