Support or oppose implementation?	Support
Relevant Objective:	f) Positive
Relevant Charging Methodology Objective:	Not Applicable

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

This modification is necessary to enable the processing of settlement adjustments caused as a result of the central switching service priority 1 incident which has led to an inconsistency between the supply effective from date in CSS and the registration effective date in the UK Link systems for approximately 80,000 supply meter points.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

The modification should be implemented as soon as possible in order to allow the CDSP to make the necessary settlement adjustments in a timely manner.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

None identified.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes.

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

Please provide below any additional analysis or information to support your representation
