

Ofgem CSEP Discussion meeting - Proposed agenda items

1. Background to issue

[Distribution Network Operators will provide slides summarising the structure of the contractual regime (UNC, iGT Codes, CSEP NExA) and giving detail of events leading to the need for this meeting]

2. Current concerns for Shippers

[Scottish Power will provide details of why they initiated iGT Network Code Modifications related to Annex A of the CSEP NExA]

3. xoserve's perspective

[xoserve will provide detail of the main issues of concern to them and the measures they have taken to seek resolution]

4. iGTs view

[iGTs will highlight their concerns relating to implementation of Scottish Power's iGT Network Code Modifications]

5. Distribution Network Operators view

[DNOs will identify possible measures to be taken to resolve all parties concerns]

6. Next Steps

[All to agree a way forward]
