

BP26 – early view

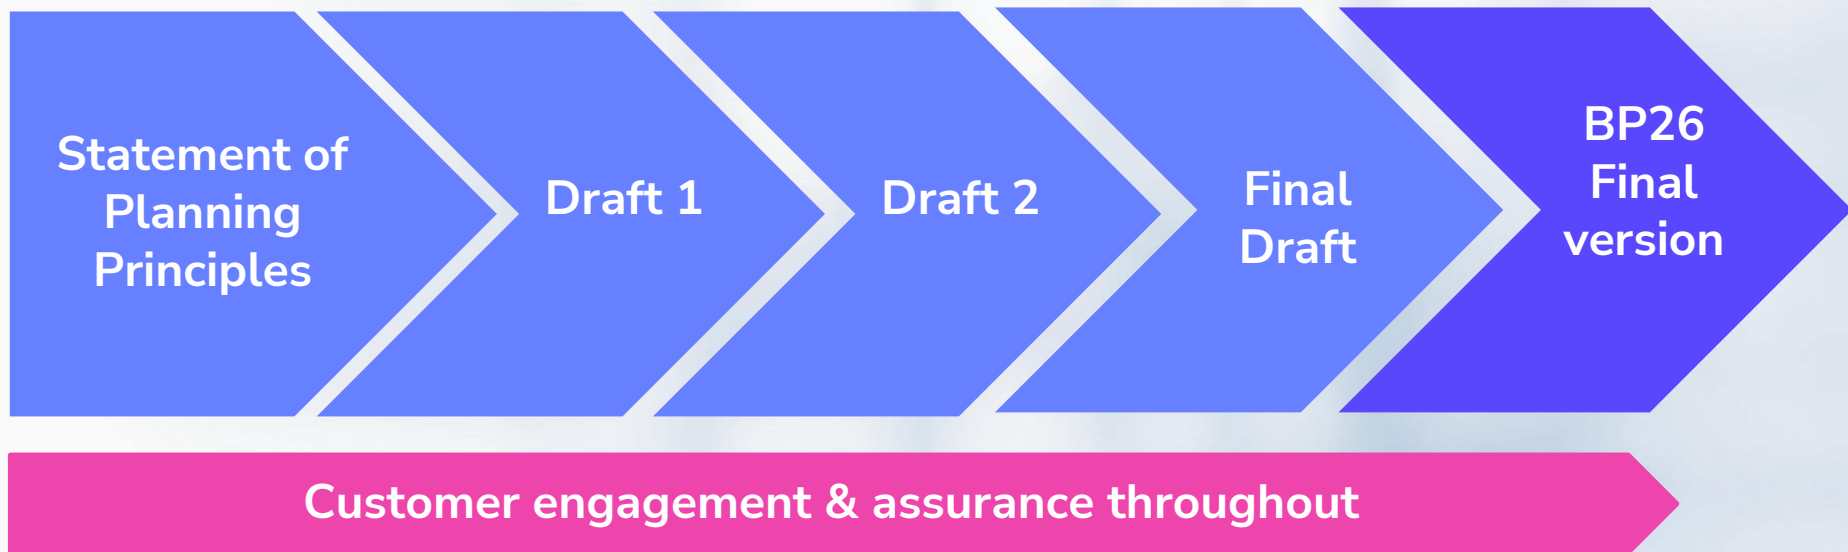

James Rigby

The background is a night-time aerial view of a city, likely London, with the London Underground tracks visible in the foreground. Overlaid on the city are numerous vertical lines of light in various colors (blue, purple, pink, green) that appear to be data points or connections. Large, semi-transparent text is overlaid on the right side of the image.

TRUST
→ INNOVATE
→ DELIVER

Timeline

The BP26 development process has about begun!

What's staying the same, what's changing?

Format

- Structured around the same strategic principles (TRUST / INNOVATE / DELIVER)
- Less info contained in the document, with performance related content being made available digitally / dynamically

Assurance

- 3rd party assessment of compliance to include remaining BP25 BPIRs not fully compliant during the development cycle
- Better understanding of BPIRs should lead to greater efficiency

Investment

- Project Trident
- UK Link Sustain
- General Change
- Gemini Regs and Sustain
- CDSP Open Data Solution
